LIMITED LIFETIME WARRANTY

Baja Designs proudly offers a LIFETIME WARRANTY against manufacturer's defect on all the products that we manufacture.
These are comprehensive warranties; other than the exclusions below – you're covered. If your LED or HID bulb burns out, you're covered. Additionally, cutting off our connector or changing your lenses does not automatically void your warranty.

Exclusions:
Installation errors, abuse, misuse or crash damage. You must be the original owner of the product and can supply proof of purchase.
Baja Designs manufactures its own products as well as resells products manufactured by others. Baja Designs makes no express or implied warranties on products not manufactured by Baja Designs including without limitation any warranties or merchantability and fitness for a purpose. We will however, pass on all warranties made by the manufacturer, who has sole responsibility for performing such warranties.
Baja Designs will pay the freight if your product is less than 90 days old, otherwise defective products must be returned to Baja Designs, Inc., freight prepaid. At our option, we will repair or replace items in question and return them at no charge. If the identical product is no longer available, we will replace with a similar product of equal value. Baja Designs Inc. will not be responsible for any indirect or consequential damages in connection with defective merchandise.
Items purchased through a Baja Designs authorized dealer must be returned through the dealer. Only available on LED auxiliary lights and product must be in sellable condition at MSRP. Product that has been damaged in any way after the original purchase date will be excluded from this guarantee.

Indemnification:
Buyer hereby acknowledges off-roading, racing and driving at night are dangerous activities and that the products and/or supplies purchased from Baja Designs are used in an inherently dangerous activity that may endanger life and limb; and in no event shall the seller, or seller's heirs and assigns, be held liable for consequential damages, nor shall seller's liability on any claim for damages arising out of or connected with the sale, delivery, or use of purchased products and/or supplies exceed the purchase price of the products and/or supplies.

Step 1: Remove plastic splash shields from bumper (if equipped).

Step 2: Unplug factory fog lights and remove the three screws holding lights to bumper.

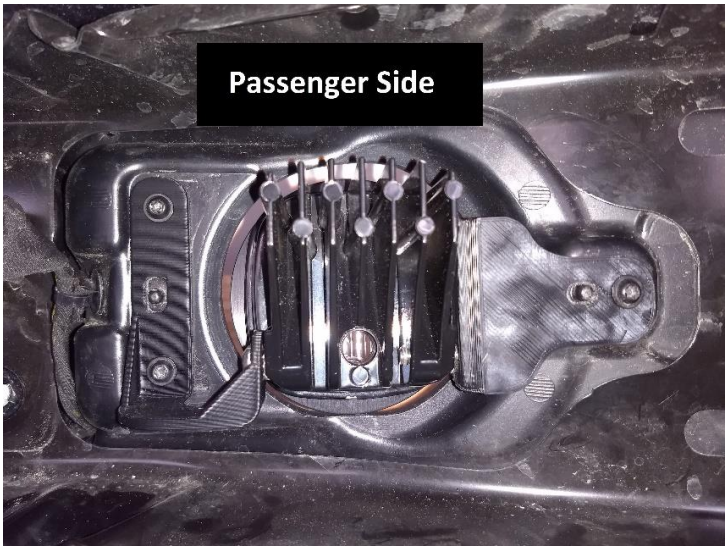

Step 3: Attach passenger and driver side brackets to Squadron-R lights with the serrated washers between the housing and the brackets.

Step 4: Place lights on each side by hand while aligning the mounting holes to get an approximate adjustment angle then tighten the M6 bolts attaching the brackets to the lights.

Note: Further adjustment may be necessary to achieve the desired lighting spread once lights have been fully mounted.

Step 5: Using the previously removed factory hardware mount the passenger and driver side Squadron-R lights with brackets.

Step 6: With the two connectors included in the kit plug one side into the vehicle's harness and the other side into the Squadron's power cord. This will allow operation of the lights with the factory switch.

Note: Ziptie wiring away from hot, moving or rotating items to prevent damage to the wiring.

Step 7: Replace splash shields (if equipped).
