INSTALLATION INSTRUCTIONS
Part Number E-1796

This filter fits: **See current K&N® catalog for current listings**

FREE K&N DECAL To register your warranty, please see us online at knfilters.com/register. FREE K&N DECAL

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter may be used in a stock machine, and no modifications will be required. However there are special installation instructions, so please follow the procedures outlined below to ensure that the K&N® Air Filter seals properly.

If you need any assistance please call 1-800-858-3333 to speak with a representative in our Customer Service Center before returning the product.

INSTALLATION

1) Remove the filter / intake elbow assembly from the airbox.
2) Slide the stock filter off of the intake elbow.
3) Clamp the K&N® Air Filter to the intake elbow. (Fig. 1)
4) Insert the filter / intake elbow assembly into the lower half of the airbox. (Fig. 2)
5) After the intake tube is properly seated into its receptacle, push the closed end of the K&N® Air Filter down into the airbox until it is positioned properly. (Fig. 3)
6) Re-install the airbox lid. (Fig. 4)

These instructions must be followed every time the filter is serviced, otherwise the filter may not seal and damage to the engine could result.
