INSTALLATION INSTRUCTIONS

1. Once you have determined the location you are going to mount your Rough Country Lighting switch, cut out the template on the last page of this instruction booklet. **Cut along line for best fit.**
2. Place the template on the desired location and score the area around the template with a utility knife. **See Photo 1.**
3. Carefully drill 2 opposing corners of the scored area. **See Photo 2.**

4. Using a body saw or reciprocating saw, cut along the lines you made using the template. **See Photo 3.**
5. Simply push the bezel into place to check fitment. **Note** Trimming and/or filing of the edges may be necessary for a flush fit.**

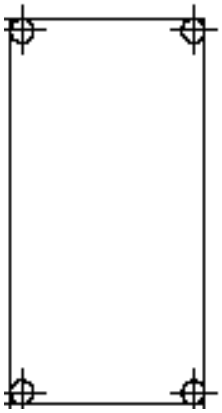

The interlocking design of our bezels allow you to “stack” them to meet your needs. Pictures **4, 5 and 6** show some of the possibilities.

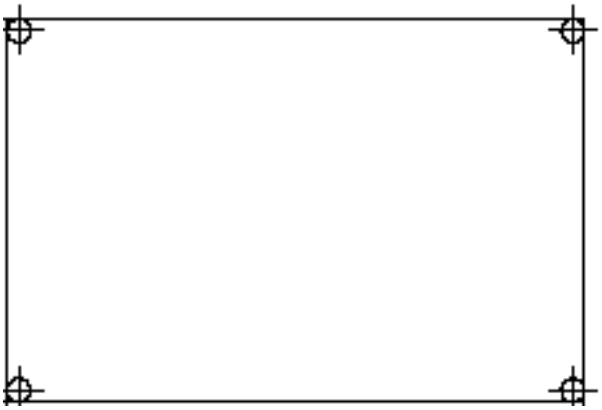

Bezel Templates

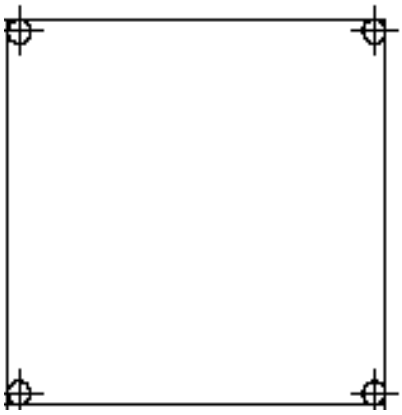

Single Switch

Three Switch

Dual Switch

Four Switch
