THANK YOU FOR PURCHASING A ROUGH COUNTRY LIGHTING SYSTEMS PRODUCT. WE APPRECIATE YOUR BUSINESS!
IF YOU HAVE ANY QUESTIONS, PLEASE CALL 1-800-222-7023.
Rough Country Lights are intended for off road use only

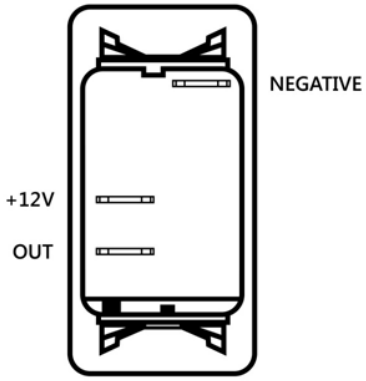

Congratulations on the purchase of your new Rough Country Lighting Systems product!
Thank you and we hope you enjoy your new Rough Country Lighting Systems product!

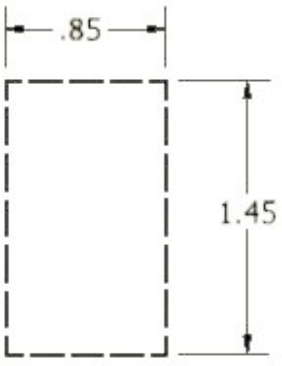

INSTALLATION INSTRUCTIONS

1. Cut out template from below and place on desired switch mounting location inside vehicle. Cut along dotted line on template for proper switch fitment.
2. Secure the negative terminal to a suitable ground, or the Negative (-) side of the battery.
3. Secure +12V terminal to 12V power with inline fuse. **Use 20AMP Fuse.**
4. **OUT** terminal below sends 12V power to desired application. **See Back of Switch photo below.**
5. **Rough Country recommends running power to a relay then to desired application.**
6. Beware of sharp edges, abrasive surfaces and heat sources. Re-route wiring as needed.
7. Secure any part of the wiring harness away from hazards using zip ties.
8. Push switch into hole until it snaps into place.
