Ford Bronco Four Dr. Mesh Bimini Top Installation Instructions

Congratulations on your purchase of a Rough Country Mesh Top. Check the kit hardware against the parts list. Confirm the correct model was ordered and received. A general knowledge is useful and understanding on top removal on the Bronco.

We are excited that you have chosen a Rough Country Mesh Bimini Top. These high-quality tops are designed to enhance your fair-weather driving pleasure while providing needed shade when driving in the hot sun. Please note that it is important that you become familiar with the installation process of this top by reading the following instruction sheet and warnings thoroughly. Though we have used only the finest materials in creating this top, any product that is exposed to the elements requires some general maintenance to keep it looking like new. Please see page 6 for these important maintenance tips. Please also note that it is normal for the mesh fabric to contract and wrinkle when stored in the shipping carton. In a few days the fabric will relax and wrinkles will disappear. If any questions arise, please call Rough Country customer service. 800-222-7023

⚠NOTICE Instruction Sheet Strap Installation Note: (all versions)

Installing the Rough Country Mesh tops entails the wrapping of nylon webbing around several locations on your factory installed roll bar.

Threading Straps through Buckles:

Throughout the installation, you will need to thread webbing straps through buckles several times. Please review the picture for correct strap routing through the buckles. As a rule of thumb, run the strap below and through the sewn side of the buckle first and then back down through the end of the buckle. Tighten the strap by simply pulling the exposed webbing after threading the strap through the buckle.

⚠WARNING

Loss of vehicle control involves risk of death or serious injury, particularly to parts of your body not restrained within the vehicle. This product is intended for moderate weather protection only and should not be relied upon to contain occupants in the event of an accident or to protect from either ground contact or falling objects. To reduce risk of accident or injury:

- **ALWAYS WEAR SEATBELTS**
- **Always keep head, arms & body parts within vehicle.**
- **Fully secure or stow the soft top before driving according to instructions. Never try to latch or fold soft top while driving. Do not use if damaged or worn.**
- **Read and follow all instructions & warnings accompanying this product, in your vehicle owner's manual and Off-Road Driving Supplement**

⚠NOTICE Remove your factory hard or soft top before installation. For those vehicles with a factory soft top, you will NOT be using your factory soft top header for this installation.

The Rough Country Mesh Bimini top series are designed as an easy-on, easy off sun shade for your Jeep. The tight mesh weave is specially designed to block the heat caused by the sun while letting light and air to flow freely. The installation of these products is easy and requires no tools or windshield header, and allows this product to be left on while you run your hard or your soft top. Enjoy the shade and thank you for purchasing Rough Country products!
